## SL900A – Update Note

**Dear Customer,**

Thank you for your interest in ams products. Additional information regarding the demo kit and the SL900A device can be found on the FTP site listed below:

**URL:** <http://www.space4ams.at/user/SL900A/default.php>

**User:** SL900A

**Pass:** 5U900a2qwD

SL900A is an EPC sensory tag and data logger IC for contactless metering such as cold supply chain monitoring.

Please note that the recommended interrogators which support the cool-Log™ command set, special to SL900A are the AS3993 demo kit readers:
